# CONTROLS

You can control the menu screens using either the buttons or the Touch Screen, and you can control each game using the buttons. Please see the descriptions of each individual game for the controls for the games.

If you close your Nintendo DS™ system during gameplay, it will enter Sleep Mode, and use less battery power. To continue your game, open the system to exit Sleep Mode.

## BASIC CONTROLS

In this manual, the controls will be explained using the Touch Screen (with the exception of the game controls).

- 1) L Button + R Button  
(Simultaneously):  
Display the Pause Menu
- 2) +Control Pad: Select items
- 3) A Button: Enter
- 4) B Button: Cancel
- 5) START: Begin game
- 6) SELECT: Insert coin

# STARTING THE GAME

"KONAMI CLASSICS SERIES: ARCADE HITS" contains 15 titles that were originally released in the arcades.

## MAIN MENU

If you touch the Touch Screen or wait for a certain amount of time, the Main Menu will appear. Please choose from the following options.

## SELECT GAME

Displays the Game Select Screen.

## Game Select Screen

Slide the gear on the Touch Screen to rotate the bar and select a title. You can also press the ↑ and ↓ to move the gear. If you would like to return to the Main Menu Screen, touch the Title Icon or press the B Button. Once you've highlighted the game that you would like to play, press the A Button or touch the highlighted Game Selection Bar.

### JUKEBOX

Listen to songs from any of the games in the collection. Use the left and right arrows to select a song, and touch the song title or press the A Button to begin playback. Choose "BACK" or press the B Button to return to the Main Menu Screen.

You can also choose "RANDOM PLAY" or "LOOP PLAY" to play multiple game tracks in succession. While the game is running music in the Random or Loop play, you can close the Nintendo DS™ system and continue to listen to music through the headphone jack.

### STAFF

View the credits for the game. Use the touch screen or the ↑ and ↓ to scroll through the credits. Choose "BACK" or press the B Button to return to the Main Menu Screen.

### GENERAL CONFIG

Adjust the configuration of the basic settings of the game. Adjust your desired settings and select "DECIDE" to confirm your settings. Choose "CLEAR" to restore the default settings and "CANCEL" to exit without making changes.

Navi Dialog	Choose whether to view various warnings before beginning games
Game Screen	Choose to play games on the upper or lower screen
Music Loop	Adjust how long the music will play when listening to songs in random playback or loop playback in Jukebox (See Pg. 6) or Music (See Pg. 12) modes
Screen Sharpness	Choose the screen sharpness for the games

### EXCHANGE REPLAY

Send or receive replays saved while playing games in the collection. Both players must have their own game cart in order to exchange a game replay video. Read the instructions in the Wireless Communication section of the manual for details. (See Pgs. 14-15)

## SAVING

After you finish a game and earn a high score, or after you adjust various settings, data will be saved automatically. Also, if you use the Pause Menu (See Pg. 8) to select "REPLAY", then "RECORD" you can record and save your gameplay from that point on. The free space required to save will vary depending on the length of time you record.

If you run out of free space, you will be unable to save new replays. If that happens, you can use the Pause Menu to select "REPLAY" then "DELETE" to delete replay data.

*Please note that your game progress cannot be saved.*

## GAMEPLAY

Select the game you would like to play from the Game Select Screen. The game displays on the top screen with the default settings. On the bottom screen, an instruction card displays simple controls and how to play the game.

Press SELECT to insert coins to build up credits. If you have at least one credit, you can press START to begin the game.

Touch the lower screen or press the L Button and R Button together to display the Pause Menu.

*The controls in each game description in this instruction manual (See Pgs. 17 – 31) are based on the default settings. The controls can be changed in the Pause Menu or may change depending on the Screen Settings. (See Pg.11)*

## PAUSE MENU

There are two types of pause menus – SIMPLE, which offers basic options, and MANIAC, where you can adjust detailed settings. You can touch the “To SIMPLE” or “To MANIAC” panels on the lower screen to switch between the two types.

Options can be selected by touching the Touch Screen or selecting the icon with the cursor and pressing the A Button.

## SIMPLE PAUSE MENU

The Simple Pause Menu contains basic options for the player to customize the game. Certain options are game specific therefore not every option will appear for every game.

Below is a sample description of the commonly used options in the Simple Pause Menu.

**SELECT GAME** Return to the Game Select Screen

**PLAY GAME** Return to gameplay

**TO MANIAC** Switch to the Maniac Pause Menu

**LIBRARY** View various game information and game tips

**PLAYER NUM** Choose the number of lives

**DIFFICULTY** Choose the difficulty setting

**CO-OP GAME** Choose to play a wireless game with another player (See Pg. 15)

**CONTINUE** Choose the number of continues available

## MANIAC PAUSE MENU

The Maniac Pause Menu contains extensive options for the player to fully customize the game. Certain options are game specific therefore not every option will appear for every game. Below is a sample description of the commonly used options in the Maniac Pause Menu.

**SELECT GAME** Return to the Game Select Screen

**PLAY GAME** Return to gameplay

**TO SIMPLE** Switch to the Simple Pause Menu

**ARCHIVE** Examine extensive game information, artwork, music and sound effects

**SETTINGS** Adjust the game configuration

**REPLAY** View or record game replays

**WIRELESS** Play multi-player and send demos or replays to another DS system

## SCREEN SETTINGS

Certain games that originally had a vertical orientated monitor in the arcades have multiple options for the aspect ratio and orientation. The vertical settings must be played with the Nintendo DS system sideways and the controls will adjust to the orientation of the screen.

### ARCHIVE

View instruction cards and how to play each game, or listen to music.

### LIBRARY

View introductions, controls, and tips for each game. Touch the item you want to see, and follow the on-screen prompts to turn the pages.

### GALLERY

View instruction cards and sales brochures for the original arcade versions of the games. Touch "zoom in" and "zoom out," and slide the frame in the lower screen to view the images.

## MUSIC

Listen to music and sound effects from the game you are playing. Use and to select a song or sound effect, and touch the song title (or sound effect name) to begin playback. You can also choose "random playback" or "loop playback." In these cases, you can plug in headphones while the Nintendo DS™ system is open, then close the system and continue listening to the music.

## SETTINGS

Adjust game difficulty and controls, or reset high scores.

## EASY CONFIG

Adjust basic gameplay settings for the selected game. Touch each item and select one of the choices.

## DETAIL CONFIG

You can adjust settings such as number of lives and difficulty level in a more detailed way. The detailed config allows you to adjust the settings according to the original dip switches on the actual arcade board. If you touch the switch on the lower screen, the settings will appear in the upper screen. Use the switch to toggle it on and off.

## BUTTON CONFIG

Adjust the controls. There are two items for each Button—use the upper item to change the Button configuration, and the lower item to adjust continuous Button presses. Once you are finished with adjustments, touch "DECIDE".

## DELETE Hi-SCORE

Reset the high scores for the game you are currently playing.

## WIRELESS

Connect to another Nintendo DS™ system for multi-player gameplay or to send demos to a friend. (See Pg. 14)

# WIRELESS COMMUNICATION

You can connect with another Nintendo DS™ system by choosing the appropriate wireless option in the game. You can play multi-player with another player or send demos and game replay videos to another Nintendo DS™ system.

## EXCHANGE REPLAY

From the Main Menu, you can send or receive game replay videos to another player with a *Konami Classics Series: Arcade Hits* Game Card.

If you are sending the game replay video, choose the "GIVE REPLAY" option, then select the game replay video you would like to send. If you are receiving a game replay video, choose the "GET REPLAY" option.

## WIRELESS

From the Pause Menu, you can send data to another Nintendo DS™ system from the various options. From the Simple Pause Menu, a basic option appears to play a multi-player game with another player. In the Maniac Pause Menu, multiple wireless communication options appear.

## Co-Op GAME

Two players can take turns playing the game, play against each other, or play cooperatively. To play with two players, make sure there are at least 2 credits available, and press START on the 2nd player's system to begin the game. If you press START on the host system, you will begin a single player game. To end this mode, touch "EXIT" on either the host system or the client system.

*For certain cooperative games, you must press START on both players' systems in order for both players to join the game.*

## DEMO

You can send a demo version of the game you are playing. If the receiving system powers down, the transferred game data will disappear.

## DUAL DS GAME

In this mode, you can view the game on the host system containing the Game Card, and control the game using the client system. To end this mode, touch "EXIT" on either the host system or the client system. You can pause the game, but you will not be able to access the Pause Menu.

*If you are in Wireless Controller mode, the host system will not accept any control except for "EXIT".*

## SEND REPLAY

Play back saved replay data on a different Nintendo DS™ system. Touch "REWIND", "PAUSE", or "STOP" on the lower screen of the receiving system to control the replay. If the game supports multiple viewing angles, you can modify the viewing orientation as well.

# REPLAYS

## REPLAYS

You can record your gameplay, and play back recorded game replay videos. You can trade the game replay videos with your friends via "EXCHANGE REPLAY" in the Main Menu or send them to another Nintendo DS™ system for viewing via "SEND REPLAY" in the Maniac Pause Menu. (See Pg 15)

## PLAY

Play recorded game replay videos. After you select replay you will move to the playback screen, and you can touch the lower screen to change the orientation and aspect ratio, and rewind or pause the playback. There are several game replay videos already included in the game for your viewing pleasure.

## RECORD

Record and save your own game replay video. Select "RECORD", then begin playing a game. Once you have finished playing the part you want to record, touch "STOP". You can then input a comment and save the data.

## DELETE

Delete game replay video data. Select the game replay video you want to delete, then follow the on-screen instructions to delete it.

*If you run out of free save space, you will be unable to save new replays.*

Control a space craft and make your way to the goal in this side-scrolling shooting game. Shoot to take out airborne enemies, and launch missiles to attack enemies on the ground.

## CONTROLS

<b>+ Control Pad</b>	Move
<b>A Button</b>	Missile
<b>B Button</b>	Shoot
<b>X Button</b>	Continuously shoot and launch missiles

## HOW TO PLAY

Make your way through the game while shooting and launching missiles at enemies. Destroy the ground target at the base (goal) to clear the stage. If you run into an enemy or obstacle, or run out of fuel, you will lose a life.

Control an explorer searching for treasure inside a dangerous pyramid. Each explorer has only one flash bomb that can wipe out surrounding enemies, so use it in critical situations.

## HOW TO PLAY

First, defeat enemies and collect treasure and keys. Once you have a key, you can open the door to move on to the next stage. If you run into an enemy, you will lose a life.

## CONTROLS
